

## KIDIST H. TADESSE

---

### EDUCATION

Ph.D. – Geological Engineering (Hydrogeology), Addis Ababa University, Ethiopia  
M.Sc. – Hydrogeology, Addis Ababa University, Ethiopia  
B.Sc. – Earth Sciences, Addis Ababa University, Ethiopia

### PROFESSIONAL REGISTRATIONS AND CERTIFICATIONS

OSHA 40-hr HAZWOPER  
IGSH Certificate: Urban and Groundwater, Ruhr University, Germany

### EMPLOYMENT HISTORY

2025 to present – Sevee & Maher Engineers, Inc., DBA Uhl & Associates, Hydrogeologist  
2023 to 2025 – Self-employed, scientific research and hydrogeological investigations  
2011 to 2023 – Ethiopian Construction Design and Supervision Works Corporation (ECDSWC)

### AFFILIATIONS

International Association of Hydrogeologists (IAH)  
American Geophysical Union (AGU)  
Ethiopian Geosciences and Mineral Engineering Association (EGMEA)

### PROFESSIONAL EXPERIENCE

Kidist Tadesse is an experienced hydrogeologist with a strong background in hydrogeological investigations, including groundwater monitoring, well design, drilling oversight, pumping tests, water quality monitoring, and environmental impact assessment. She is skilled at supporting multidisciplinary teams in planning and executing field sampling programs, managing environmental data, and conducting geological and water resource evaluations, groundwater-surface water interaction, and managed aquifer recharge.

Kidist is experienced in technical documentation, data management, stakeholder engagement, regulatory compliance, project delivery, and is skilled in analyzing and interpreting data using a variety of technical software.

### TECHNICAL TOOLS

- ArcGIS
- AutoCAD
- AquaTest
- AquaChem
- Strater
- Surfer
- WetSpas model
